

Oregon Berries

Fresh from the Freezer

The Taste of the Great Northwest

Oregon berries are known world wide for their great taste and premium quality. Take the clean air of the Northwest and mix it with sparkling waters from the Cascade mountains, throw in a maritime climate that lets our berries hang on through long, chilly springs and ripen gently during warm summer days and you have Oregon's recipe for the world's best berries!

Frozen Oregon Berries available year-round

- Economical alternative to fresh
- No spoilage, no waste—save time and money
- Ideal for use in drinks, sauces, breakfast menus and desserts
- Washed and ready to use
- Same nutritional value as fresh

Nature's superfruits Oregon berries are "superfruits" loaded with antioxidants, vitamins and minerals. They are picked ripe and fresh frozen within hours of harvest. Available year-round and perfect for use in meals and recipes, frozen berries provide the most for your food dollar without compromising nutritional value. Oregon berries are the **perfect partner** to any restaurant, manufacturing or food service application. Our berries are the choice of those who seek premium quality ingredients for the taste of the Great Northwest.

The Oregon Raspberry & Blackberry Commission is a commodity commission representing the growers and processors of Oregon Marionberries, blackberries, red raspberries, black raspberries, Boysenberries and Loganberries. Oregon berries are grown on family farms and fresh frozen just hours after picking for premium color and taste. Our marketing team can help you find the right product for your needs.

Norpac Foods, Inc. is a farmer-owned cooperative of family farms representing over 200 growers, growing and processing fruits and vegetables on more than 40,000 acres of land in Oregon's Willamette Valley. Because they are harvested and processed locally, our fruits and vegetables can be picked and packed in less than four hours. The benefits of locally produced crops show in more than just the quality of our products—local farms and processing plants keep our environmental footprint small, too."

The Oregon Strawberry Commission represents growers and packers who take pride in producing the sweetest, best tasting strawberries. Oregon Strawberries have a deep red color straight through the berry because they are grown for taste, picked at the peak of ripeness and fresh frozen just hours after they leave the field. Oregon Strawberries, Sweeter, Redder, Simply Better!
